EDUCATION

I.E.C. College of Engineering & Technology

2023 – 2027 (Expected)

B.Tech, Computer Science & Engineering • CGPA: 7.93/10 (till 6th sem)

Class XII: 71.6% | Class X: 71.6%

INTERNSHIP EXPERIENCE

Data Analytics Intern — Dreamvessels Technology Pvt. Ltd.

- Gained hands-on experience with Advanced Excel and Power BI for data analytics, dashboard creation, and business reporting.
- Built and maintained interactive dashboards to support data-driven business decisions.

Core Java Intern (Virtual) — upSkill Campus x UniConverge Technologies

- Built a console-based Expense Tracker as the internship project, applying core Java and OOP concepts.

TECHNICAL SKILLS

Languages: Java, JavaScript (Basics)

Web: HTML, CSS

CS Fundamentals: OOP, Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks

Tools: Git, GitHub, VS Code

Data & BI: Advanced Excel, Power BI

PROJECTS

Intervia — AI Mock Interview Platform

HTML, CSS, JavaScript, Gemini API

- Built a browser-based AI mock interview platform for campus placement prep, generating topic- and difficulty-based questions via the Google Gemini API.
- Implemented per-answer feedback, scoring, model answers, and a results page with improvement suggestions.

[Live Demo](#) | [Source Code](#)

FinTrack — Personal Finance Manager

HTML, CSS, JavaScript, Chart.js

- Developed a responsive finance dashboard with income/expense tracking, category-wise analytics, and interactive Chart.js visualizations.
- Implemented transaction search/filtering, dark/light themes, and persistent data storage using the Local Storage API.

[Live Demo](#) | [Source Code](#)

Simon Says — Browser Memory Game

HTML5, CSS3, JavaScript

- Built a classic memory game with randomly generated, increasing color sequences, flash animations, and level tracking.

[Live Demo](#) | [Source Code](#)

Personal Portfolio Website

HTML, CSS

- Designed and built a personal portfolio site to showcase projects and skills, with a responsive layout across devices.
